

Gas-Phase Equipment and Design Services

# SAAF™ Side Access Housings (SAH)

## Product Overview

- Combines particulate filterers, gas-phase cassettes, and high-efficiency filters to create a total clean air solution (removing both airborne particulate and gaseous contaminants)
- Patent-pending SAAF™ Seal provides the best seal available and superior filtration efficiency
- Wide range of sizes and combinations of filters banks
- Available with internal fan
- Insulated double-walled construction
- Allows for easy installation, operation, and maintenance in a totally self-contained system

## Specification

Main Structure	Aluminium
Panel Material	Double Wall
Insulation	PU
Pre-Filter Depth (mm)	44 - 46
Secondary Filter	Optional
Media Type	Carbon, Impregnated Carbon, Chemical, Blended
Number of Bed	1, 2
Bed Depth (mm)	25, 75
Manometer	Included
